

Successful Perisher grant application and Regatta update.

16 August 2024

Hi all LJSC members,

We are pleased to let you know that Lake Jindabyne Sailing Club was successful in our application to Vail Resorts Australia Mt Perisher double chairlift auction grants. We will receive money towards solar panels, a modern heat pump hot water heating system and a reverse cycle air conditioning system for the club house. We will also make a beach volleyball court on the sand outside the clubhouse for community use. The new systems will substantially reduce our clubhouse utility bills.

Many thanks to Vail Perisher resort for supporting Lake Jindabyne Sailing Club.

Regatta Update

The information flyer for the regatta and the Notice of Race (NoR) is now on the Lake Jindabyne Sailing Club website. A registration link is in the NoR.
